

OVERGAARD & DYRMAN

Crafted in Denmark

OD WS
WIRE STOOL

Design: Christian Dyrman, Jasper Overgaard
Manufacture: Overgaard & Dyrman
Year: 2014
Origin: Denmark

MATERIALS

For more detailed information on materials please find the material guide at OandD.dk/downloads.

Cushion (Leather)

The cushion of the Wire Collection consist of two types of leather. A back in a thick full-grain saddle leather and a front in soft full-grain leather (shown at the colour range to the right). These two types of leather do not come from the same hide and variations in tone and colour may therefore occur.

**The Matstone Sand & Dark Grey comes only in a Two Tone Sand/Black & Dark Grey/Black combination, where the back is always black.*
